Caterham School's approach - Academically Outstanding, Innovative, Caring

Caterham is a UK leading co-educational day and boarding school. A global academic innovator and leader, we are recognised as an EdTech 50 and an Apple Distinguished School. In addition, we are the first UK school to be awarded with the National Children's Bureau Wellbeing Award.

Our academic results are testament to the uniquely supportive environment that is Caterham's hallmark. Learning at Caterham School is an exciting adventure, full of opportunities for personal development, achievement and enjoyment.

Our award-winning wellbeing and unique learning and teaching programme ensure that by the time Caterhamians leave school they are intellectually curious and emotionally intelligent thinkers, eager to engage with the world around them.

Our stunning 200-acre campus includes sports fields, ancient woodland, a high ropes course and an outdoor learning centre. At Caterham we benefit from inspiring Victorian architecture that is complimented by purpose-built facilities including: our award-winning Digital Innovation Centre, a science laboratory complex, a Sports Centre with indoor pool, fitness centre and double space sports hall, and a new purpose-built Centre for Performing Arts that encompasses two theatres and a dance studio.

AWARD-WINNING LEARNING & TEACHING

At Caterham we believe in not simply preparing our pupils to do their best in exams but also in giving them life skills to help them succeed in whatever they may do in the future. Our award-winning Learning to Learn and Enrichment programme ensure pupils develop proven study skills and are metacognitive learners in addition to extending their learning well beyond the curriculum.

Our unique EDGE programme builds problem solving, digital and entrepreneurial skills in pupils from First Year to Upper Sixth Form. By the time they leave Caterham, pupils have developed a range of skills alongside their academic results to support them as they progress through university and their career beyond.
