Cheltenham College's approach - Excellence, Community, Character

My message to you :

"Our aim above all is to inspire young people who are willing to learn, ambitious to achieve and keen to get involved."

Cheltenham College has been educating young people since 1841. It is located at the heart of the English Cotswolds within a stunning spa town. Boys and girls are provided with a modern first class all-round education that encourages continuous excellence both during their time at school and throughout their lives. Learning is at the heart of what we do; pupils are inspired to achieve high academic standards, leaving with exam results they can be proud of. They flourish under the guidance of dedicated teachers who are leaders in their subject fields.

The pastoral care within our community at College is something that everyone takes pride in. This is the foundation which enables pupils to gain confidence in themselves. Similarly, the opportunities provided outside of the classroom are second to none. Pupils are able to develop a range of interests that will last them a lifetime, and boys and girls who join at any age will leave as well-rounded young men and women.
