It is our pleasure to have S.O.A.R. Education to conduct an Oxbridge Admissions Talk to our AA students and families.

## **Information about S.O.A.R. Education**

S.O.A.R. Education Centre (生命互補教育中心) is a Christian non-profit organisation founded by a community of Oxbridge students. S.O.A.R. provides a platform connecting Oxbridge students with secondary school students, providing information and guidance through the UK university applications process. We believe that with the right support and advice, every student should be able to maximise their potential and realise their dreams.

All profits from our services and events are donated to S.O.A.R. Community Action, which runs weekly free English lessons for underprivileged families in the Mongkok area.
